

Employment Opportunity

Position Title:

Risk Manager

Organization:

Yavapai Regional Medical Center

Location:

Prescott, Arizona

Job Description (including education/experience requirements, benefits, duties, etc.)

Yavapai Regional Medical Center (YRMC), located in beautiful Prescott, Arizona, has a career opportunity for a Risk Manager who will administer the risk management program for the organization including managing and analyzing risk management data, identifying risk points, and coordinating staff education.

In addition to a bachelor's degree in a clinical or allied health field, the following qualifications are required: three years of direct experience in acute healthcare risk management; demonstrated experience in quality improvement techniques; knowledge of state and federal laws and regulations, DHS/CMS accreditation standards, and anti-trust and risk management activities that affect healthcare; and demonstrated leadership and interpersonal skills.

About YRMC

Yavapai Regional Medical Center (YRMC) was incorporated in 1942. What started as a simple, community hospital in the old Jefferson School building on Marina Street is today a state-of-the-art healthcare system with two acute care hospitals, a network of primary and specialty care clinics, outpatient health and wellness centers, cardiac diagnostic centers, and outpatient medical imaging centers. Together, YRMC's network of services provides medical care and wellness resources to a geographic area encompassing 5,500 square miles and covering the communities of Prescott, Prescott Valley, Chino Valley, Dewey, Humboldt, Mayer, Paulden, Bagdad, Yarnell, Kirkland, Skull Valley, and Crown King.

As the region's leading not-for-profit healthcare provider, YRMC is guided by a community-based board of trustees, a values-based team of experienced administrators and hundreds of physicians in multiple specialties who form the YRMC Medical Staff. Complementing this outstanding leadership are the skills, training and competence of professional nurses, therapists, technicians, support personnel and generous volunteers.
